OFFICE OF LEGISLATIVE COUNSEL

Friday - 22 March 1963

25X1 1. [] Met with Mr. Andrew H. McCutcheon, Administrative Assistant to Congressman J. Vaughan Gary (D., Va.) concerning [] and advised that the Agency could either forward application to him by mail or if it were convenient when he is in Washington from Richmond, we could arrange for an interview in a matter of hours. Mr. McCutcheon felt it would probably be preferable for an interview here in Washington and he would so advise.

25X1 [] Received from Senate Preparedness Investigating Subcommittee a copy of a speech prepared for delivery by Senator John Stennis (D., Miss.) on Saturday, March 23, before the American Textile Institute on "Communism in Cuba -- Threat to America" and forwarded the copy to Mr. Elder. No mention was made therein of the intelligence community or intelligence function.

25X1 [] Returned two sections comprising pages 2152 through 2492 testimony of Secretary of the Air Force Zuckert before the Defense Appropriations Subcommittee to the Subcommittee. All sections forwarded for security review have now been returned to the Subcommittee.

25X1 4. [] Received a telephone call from
25X1 Congressman Peter Frelinghuysen, Jr. (R., N.J.) concerning the personnel
25X1 turndown of [] who is a personal and long-time friend
apparently of the Congressman. Mr. Frelinghuysen indicated that he was quite disappointed that [] had not been able to qualify and would appreciate, if it is possible, informal advice on the turndown. He further indicated that he would understand if such information could not be provided to him. Advised the Congressman that I would check into the matter and would try to see him in his office the first of the week.
